GOODE DESIGN

ENGINE CHECK · RELATIONSHIPS · CLUTCH 3.4

PROJECT _____ DATE _____

Who owns what

In your next huddle, build a simple RACI for one live project with the team. Use it to find where you collide and where the gaps are.

R **Responsible**
Does the work.

A **Accountable**
Owns the outcome. One per row.

C **Consulted**
Asked before. Two-way.

I **Informed**
Told after. One-way.

DECISION OR TASK One line each. Verbs work best.	PERSON 1	PERSON 2	PERSON 3	PERSON 4	PERSON 5	PERSON 6	**ONE A?** Gap or collision

READ IT BACK

No A in a row
is a gap. Nobody owns it, so it waits or lands on you.

Two As in a row
is a collision. Pick one.

A column full of R
is one person carrying too much.

Your name in every row
is the engine running on you.

Then: Turn the RACI into a one-page map of who owns what. New people get it on day one.
